

## JOB OPPORTUNITY

### SAMIC's Profile:

SAMIC PLC, the Micro Finance Institution, (former CHC Limited) is a Public Limited Company with multinational shareholders. The company was transformed from the Credit Program of Cambodian Health Committee (CHC), an NGO established in March 1994. The core products/services of the company are providing financial products/services to low income and rural poor households in the target areas within Cambodia.

Due to our business growth and operations expansion, SAMIC Plc is now seeking for a qualified candidate to fill in the vacant position of **ICT Engineer**.

### Job Descriptions:

- Provide general supports to the operations of ICT Department
- Participate in ICT support tasks with technical support team to branch and user levels
- Communicate with vendors or related stakeholders to solve the incidents
- Set up, repair and configure computer hardware and software for employee use, perform and ensure proper installation of cables, operation systems and appropriate software
- Collect the feedback from branches regularly and report to related responsible personnel
- Responsible for system and file backup and restore for end-user
- Regularly maintain computer hardware and software including virus cleaning and security patch updates, and Windows Server and Network LAN/WAN maintenance
- Ability to diagnose failures, replace and add components
- Perform other tasks assigned by Network and Security Administrator

### Job Requirements:

- At least 1year experience in related job
- Bachelor Degree of Information Technology degree, or Computer Science is required
- Knowledge Windows Operation and Network Administration
- Good interpersonal skill and communication skill
- Be friendly, honestly, responsible, hard-working, and be able to work under the pressure and travel to provinces
- Good knowledge of English

### How to Apply:
